DEPARTMENT OF CHEMISTRY

TEACHERS USING L.C.T TOOL

THE COVID -19 pandemic has significantly changed the way of teaching for students. The physical classes in the college has been replaced by the online live sessions at home and smart phones have taken the place of books .However this sudden change has made it hard for teachers to teach their students .Fortunately some I.C.T tools for teaching and learning could make the teacher experience easy for both students and teachers.

The best I.C.T tools we used to engage and teach our students interactively are:

1. Black board
2. Smart T.V
3. Laptop
4. Mobiles
5. Tablets
6. Computer
7. Printers
8. Pen drives
9. Scanners
10. Microphones
11. D.V.D's and CDs
12. Digital camera

The software tools we used are:

1. Google meet
2. Zoom app
3. Teach mint
4. Microsoft power point
5. You tube
6. E-mails

All the three teachers of the department use I.C.T for teaching. We use laptops, mobile devices to conduct online classes .We use to conduct classes using internet in the department T.V provided by the college , we prepare the slides of important points in the specific topic, display and explain the same with appropriate examples. We used to send Pdf of important points, notes and procedures to the students through what's app messages or email.

DEPARTMENT OF COMPUTER APPLICATION

Teachers use ICT enabled tools including online resources for effective teaching and learning process

- Effective content delivery by using ICT tools in the class room for better understanding and reinforcement of the concepts and problem-solving is adopted by all the faculty of the institution. ICT tools complement the traditional teaching-learning methods, and the institute is highly interested in providing innovative methods for enriching the learning experience.
- ICT enabled Teaching-Learning Process is supported with Regular Practical Sessions, access to Digital Library, Online Courses, Online tests, Use of LCD projectors for seminars and workshops, productive use of educational videos, and accessibility of non-print material for students of different disciplines.
- The institution has the needed resources which include wide availability of computers in computer application department and with high speed internet access. The conventional lecture method facilitates the teacher to interpret, explain and revise the content of a topic, only for better understanding of the subject by the learners.

DEPARTMENT OF ZOOLOGY

Zoology faculty using ICT tools for teaching

ICT tools using in teaching enhances the mode of communication and it is a best method of interaction between teacher and students. PPT presentation by teachers and using Visual media imprints and registers in the mind of the students for a longer time. So ICT tool is the best method to reach and teach the students, it enhances interaction and increases students engagement . It offers new learning techniques as classroom tools are constantly changing.

DEPARTMENT: Physics

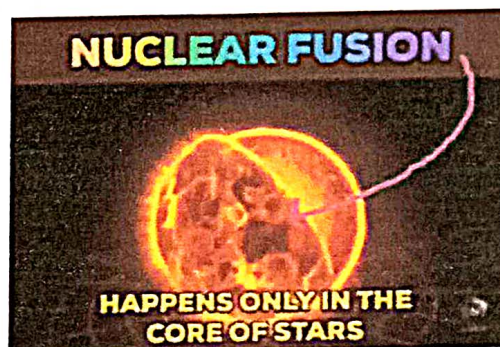

TOPIC: Thermo Nuclear Reactions- Nuclear Fusion – V Sem BSc

LINK: <https://youtu.be/74SrCGUaSJM?si=xzrP9mzCuIE3Ke5k>

B Sc V Sem Physics Part B Nuclear fusion

Sources of stellar energy:

Thermonuclear reaction(nuclear fusion) is the source of stellar energy. The temperature of the interior of the sun is about 1.4×10^7 K. It has been estimated that the total energy radiated by sun is about 3.8×10^{26} joule per second.

The fusion of hydrogen nuclei(protons) into helium is supposed to release energy in sun and stars. The energy produced in fusion is responsible for the maintenance of high temperature of the sun and stars. It is also responsible for the emission of energy in the form of heat and light.

AV KANTHAMMA COLLEGE FOR WOMEN, HASSAN

LITERARY CLUB

Under the auspices of literary club and Department of English, a special programme - 'IBO WORLD' (A re-creation of IBO society of chinua Achbe's novel 'Things Fall Apart') was organized on 01-10-2018 in the college campus.

III semester BA and BSc students for whom 'Things Fall Apart' is a text took part in the event. It was an innovative and sincere effort from the department of English to make the students to come out of the formal classroom learning and exhibit their creative and imaginative skills. It was an attempt to take drama to the classroom so that, the students could comprehend the text better in an informal way: through drama, charts and models.

The students enacted three skits on stage. It was spectacular, their costumes and make over were creative and enthralled the audience. Models and charts threw light on the social, economical and religious life of the tribal people.

All the students of B.A and Bsc took active part in the event. Three skits were performed and many charts and models were exhibited. Students acquired more knowledge about the text and enjoyed the new experience.

Prof.Prathima Devi.R. T , HOD of English and convener of Literary club gave the curtain –raiser talk and introduced the text to the audience and gave them a picture of customs, beliefs, practices and culture of the Ibo people as depicted in the novel "Things Fall Apart"

Dr.M.B Ashalatha presided over the event and commended the efforts of the English department. Teachers of English department and optional English students were pivotal in arranging the event.

Department of Sociology

"Visit to District Jail, Old Age Home by Sociology Students of A.V.K. Mahila College"

Sociology students of B.A degree classes visited Chaitanya Vrudhashram, Gavenahalli Bypass Road, Hassan on Date: 03.06.2023 for field study related to syllabus and collected information from elderly people. Under the influence of modernity, the precious human values of the joint family like unity, cooperation, harmony, kindness, compassion, tolerance and virtues are decaying and the life of the elderly is becoming miserable day by day.

Social transformation has led to the increase of nuclear families, making life difficult for the destitute, widows, widowers, mentally challenged, divorced, homeless, deaf and dumb children. As a shelter for the lives of such neglected people, Chaitanya Vrudhashram is functioning as a model institution with the financial support of the Government.

He consoled the dear friend with words of love and compassion for the elderly in the shelter. Devotional song, lyrical song, patriotic song, entertained and distributed sweets. 10 children between 1 to 06 months, 18 elderly men, 29 elderly women, 09 cattle, 02 calves - the organization's loving care and nurturing has given the elderly a sigh of relief. This institution is a model for the society. It is the wish of the students that individuals with their change of heart become involved in the care and protection of the helpless elderly and contribute to the construction of a better society.

Visit to District Jail Hassan, the Jail established in 1879 during the British era did not engage in its own functioning, but some information was collected from the superintendent and staff there. Violating the law and being involved in various crimes such as murder, rape, assault with weapons, cheating, fraud, and theft. There are prisoners who are involved in pick packet, gang feud, robbery, cases. Authorized space in the jail- Male prisoners- 250 prisoners- 09 Total 259 prisoners are allowed only. Female
